## Title IX Disclosure 2020

### Statement of Policy

American College of Healthcare and Technology is committed to providing a safe learning and working environment. Policies and procedures have been adopted in compliance with federal laws, to raise awareness, prevent and respond to incidents of sexual harassment, sexual assault, domestic violence, dating violence, and stalking involving members of the school and campus community. Guidelines apply to all students, faculty, staff, contractors and visitors. Students are educated about sexual harassment during new student orientation. Employees are trained on sexual harassment topics yearly. Resources and referrals are available to students, staff and faculty in the Student Services department. The school will promptly initiate its sexual harassment response system/grievance process when a complaint is received or when the school has actual knowledge of a possible incident of sexual harassment. Supportive measures are available to the person alleged to be the victim; should a formal complaint be filed, the grievance process conducted by the Title IX Coordinator will be prompt, equitable, consistent, and transparent; and, an appealable decision will be made on the basis of preponderance of evidence gathered to impose the corresponding disciplinary sanctions, as warranted. The Title IX Coordinator may or may not be involved in the investigative process, but not in the decision making process. All personnel involved in processes related to alleged TIX misconduct are duly trained.
