GENERAL CONSUMER INFORMATION

In addition to the disclosure of general information required under consumer information regulations, there are specific disclosure requirements with which colleges must comply.

Those disclosure requirements include:

Cleary (Campus Security) Act:

Please refer to the Crime Awareness and Campus Security page under the Student and Information Services section of the College's catalog, Drug-Free Colleges, and Crime Awareness & Campus Security handouts.

- Annual Security report: Institutional Security Policies and Crime Statistics = October 1st
 1. *Enrolled students and current employees – annual security report –*
By October 1 of each year, an institution must distribute to all enrolled students and current employees, its annual security report through the appropriate publications and mailings including –
 - i) Direct mailing to each individual through the U.S. Postal Service, campus mail, electronic mail, or manual distribution
 - ii) A publication or publications provided directly to each individual
 2. *Prospective students and prospective employees – annual security report –*
The institution must provide a notice to prospective students and prospective employees that includes a statement of the report's availability, a description of its contents, and an opportunity to request a copy.
- Report on Completion or Graduation Rates for Student Athletics

Student Right-To-Know Act:

Please refer to the Completion Rate Summary handout.

Student Right-To-Know disclosures must be made by July 1 of each year.

- Information on Completion and Graduation Rates –
 1. Completion or graduation rates and, if applicable, transfer-out rates for specific cohort of the general student body. This cohort is of certificate or degree-seeking, full-time, first-time, undergraduate students.
 2. Completion or graduation rates and, if applicable, transfer-out rates of students receiving athletically related student aid, if the institution offers athletic aid. The institution must provide student-athlete graduation rate information to potential student-athletes, their parents, and their high school coaches and guidance counselors upon making an offer of athletic aid.

The cohort year is September 1-August 31; the report must be available by the following July 1.

Colleges must make available no later than July 1, 2019, the rates for the cohort for which 150% of the normal time for completion elapsed between September 1, 2017 and August 31, 2018.

Prior to the Amendments of 1998, all Colleges were required to disclose transfer-out rates. **Now a College is required to calculate and disclose its transfer-out rates only if it determines that its mission includes providing substantial preparation for its students to enroll in another eligible College (such as a community college).**

1. A transfer-out rate.

For the cohort rates related to athletically related student aid, Colleges must disclose information on completion rates and if applicable, transfer-out rates, on certificate or degree seeking full-time undergraduate students who enter the College between September 1, and August 31, of the following year.

Family Educational Rights and Privacy Act (FERPA).

Annual notification to parents of students currently in attendance and eligible students of their rights under Sec. 99.7 to inspect, review, amend, consent to disclosure, or file a complaint with the Department of Education.

The Family Educational Rights and Privacy Act (FERPA) affords eligible students and their parents certain rights with respect to their education records including:

- The right to inspect and review the student's education records during normal College hours with an appointment within 45 days of the day the College receives a written, dated request for access. The College does not permit students to inspect or review confidential student guidance notes maintained by the College, nor financial records (including any information those records contain) of their parents or guardians. The College catalog contains additional information on the procedure to exercise the right to inspect and review education records.
- The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or a violation of privacy. Students requesting amendment of an education record should submit a written, dated request to a College Official, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or a violation of privacy. If the College decides not to amend the record, the College will notify the student of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. The College catalog contains additional information on the procedure for requesting amendment of records.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without prior consent from the parents and the eligible student. The College may neither release nor disclose personally identifiable information contained in the student's education records to outside employers, agencies, or individuals without first securing a written release from the parent or eligible student, unless permitted by the ACT.

Upon request, the College discloses educational records without consent to officials of another College in which a student seeks or intends to enroll.

- The student has a right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

- The rights accorded to, and consent required of, parents under this Act transfer from the parents to the student once the student becomes eligible.

National Voter Registration Act – Required Form and Information – Sec. 668.14(d) (1) & (2).

Requires each College to make a good faith effort to distribute a mail voter registration form to each enrolled student physically in attendance. A National Voter Registration form is located at the end of this information packet, along with registration information for the State in which this College is located.

Approved leave of absence

A leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA.

An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring a school to perform a Return calculation. If an LOA does not meet the conditions in 34 CFR 668.22(d), the student is considered to have ceased attendance and to have withdrawn from the school, and the school is required to perform a Return calculation.

In order for an LOA to qualify as an approved LOA –

1. the school must have a formal written policy regarding leaves of absence requiring that all requests for leaves of absence be submitted in writing and include the reason for the student's request;
2. The student must follow the school's policy in requesting the LOA;
3. There must be a reasonable expectation that the student will return from the LOA;
4. The school must approve the student's request for an LOA in accordance with the school's policy;
5. The institution may not assess the student any additional institutional charges, the student's need may not increase, and therefore, the student is not eligible for any additional Federal Student Aid;
6. the LOA together with any additional leaves of absence must not exceed a total of 180 days in any 12-month period;
7. except in a clock-hour or no term credit-hour program, a student returning from an LOA must resume training at the same point in the academic program that he or she began the LOA; and
8. If the student is a Title IV loan recipient, the school must explain to the student, prior to granting the LOA, the effects that the student's failure to return from an LOA may have on the student's loan repayment terms, including the expiration of the student's grace period.

A student granted an LOA that meets the criteria in this section is not considered to have withdrawn, and no Return calculation is required. Upon the student's return from the leave, he or she continues to earn the Federal Student Aid previously awarded for the period.

Written formal policy required

Among the policies and procedures a school must maintain is one that discusses the procedures a student must follow in applying for a leave of absence, and the criteria the institution will apply in determining

whether to approve the application. An institution's LOA policy must specify that all requests for an LOA must be submitted in writing, must be signed, and must be dated.

As mentioned previously, the regulations provide that an institution must determine, before it grants an LOA, that there is a reasonable expectation that the student will return from the leave. In order for the institution to make such a determination, and in order for it to ensure that the student meets the criteria in the institution's LOA policy, the institution must know the student's reason for requesting the leave.

Therefore, an institution's LOA policy must specify that the reason for a student's leave request be included on a student's application for an LOA.

An institution's policy must require a student to apply in advance for an LOA unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to school, the student would not have been able to request the LOA in advance. A school may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the school documents the reason for its decision and collects the request from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the date the student was unable to attend school because of the accident.

A school must publicize its LOA policy. The school may do this by including that policy in the consumer information the school makes available to students (see *Volume 2 – School Eligibility and Operations*).

Reasonable expectation of return

This condition is specified to make clear that a school may not grant a student an LOA merely to delay the return of unearned Title IV funds.

STUDENT FINANCIAL AID

The college recognizes that, in many instances, individuals and their families are not able to meet the entire cost of education. Therefore, our Financial Aid Office will assist you with the process of applying for federal student

financial aid. The Financial Aid Administrator is the designated official at the college for consumer information. If you have any questions, please do not hesitate to contact the Financial Aid Administrator.

This booklet is provided to help answer your questions concerning the types of assistance available to you.

APPLICATION PROCEDURES

You can give your Data Release Number (DRN) to the Financial Aid Officer if you did not list the college on your application. The college will use your DRN to get a copy of your application information electronically. You can find your DRN on the confirmation page received after submitting a *FAFSA on the Web* application or on the *Student Aid Report (SAR)* you receive after submitting your FAFSA.

- You can list your original schools on the application, wait for your SAR to arrive by e-mail, if you provided an e-mail address on your FAFSA or in the mail, and then correct the SAR by replacing some or all of the original schools with other schools.
- You can call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) and provide your Data Release Number (DRN) to request a change to your SAR to replace some or all of the original schools with other schools. You must receive your SAR before requesting these changes.

You can add or delete schools on your application by using the —add school|| or —remove|| links in the school section. Your PIN is required to access this information. **Understanding the proper use of a PIN**

You should not share your PIN with anyone—even if that person is helping you complete the application—nor should your parents share their PINs with anyone. In addition, only the person providing the data should sign the application. Note that if you (or a parent, if you are dependent) sign electronically any document related to the Federal Student Aid.

- Programs using a PIN, you certify that you are the person identified by that PIN and have not disclosed that PIN to anyone else. Revealing the PIN could make the PIN holder susceptible to identity theft.

The FAFSA processor will send data to only the schools originally listed. For example, if you originally listed the maximum number of schools on the application and then replaced them with new schools by changing your SAR, only the second set of schools would get data from any corrections. If you made corrections to your FAFSA information at (or after) the time you listed the new schools, only the second set of schools would get the corrected data.

Federal School Code. The Department assigns a number called a Federal School Code to each college that participates in the federal student aid programs. For a school to receive your application data, you must list the school's Federal School Code. ACH Federal Code is **03144400**. This code is not in the FAFSA instructions; they are provided in the Federal School Code List that can be found at www.fafsa.gov.

When the ISIR is received at the college, the Financial Aid Office will estimate your financial aid eligibility provided on a Preliminary Award Letter.

If, during the application process, your file is selected for "verification" by the U.S. Department of Education, you and your family must submit all documents required to validate the information you have listed on your application for assistance.

Please refer to "The Student Guide" published by the U.S. Department of Education for more detailed information.

TYPES OF ASSISTANCE

1. FEDERAL PELL GRANT

The Federal Pell Grant is gift assistance which does not have to be repaid. Annually, the U.S. Department of Education determines student eligibility for this grant. For the 2020-2021 award years, the minimum grant is \$650 and the maximum grant is \$6,345.

2. FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

The FSEOG is gift assistance which does not have to be repaid. FSEOG is awarded to students who have an exceptional financial need as determined by the U.S. Department of Education standards. Students with the lowest "Expected Family Contribution" (EFC) are awarded FSEOGs. The average amount of the award is \$200 per award year.

3. FEDERAL WORK-STUDY

The Work-Study program offers students the opportunity to meet part of their expenses by working part-time on or off campus for at least minimum wage. A limited number of assignments are available, and priority is given to students with the greatest need who are qualified for the job assignments available.

4. DIRECT SUBSIDIZED LOAN

The Subsidized Direct Loan program provides low interest loans through the U.S. Department of Education, and other lending institutions. The maximum annual loan amount for the first academic year is \$3,500, less loan fees based on the following timetable: a. 2.79% for first disbursements made on/after 10/1/19 and before 10/1/20 b. 2.75% for first disbursements made on/after 10/1/19 and before 10/1/20. Interest does not accrue and payments are not made until six months after the student leaves college. The minimum payment amount is \$50 per month; however, the Direct Loan program provides many flexible repayment plans. The interest rates for subsidized loans disbursed on/after 7/1/19 and before 7/1/20 are 5.05% for the most up-to-date information, go to www.studentaid.ed.gov.

5. DIRECT UNSUBSIDIZED LOAN

If you do not qualify for a full or partial (Subsidized) based on your financial need, you may qualify for a Direct Loan (Unsubsidized). The difference is that, for the Direct Loan (Subsidized), the Federal Government pays the interest for you during in-college and deferment periods. If you receive an unsubsidized loan, you are responsible for the interest during the in-college and deferment periods. Your lender may allow you to accumulate the interest until you have left college or your deferment ends; however, this will increase the amount of your loan principal. You can borrow up to \$6,000 for the first academic year less loan fees based on the following timetable: a. 2.75% for first disbursements made on/after 10/1/17 and before 10/1/19 b. 2.75% for first disbursements made on/after 10/1/19 and before 10/1/20. In addition, if you are a dependent student, the maximum amount you may borrow is \$2,000 unless your parent is not eligible to borrow a PLUS loan in which case the maximum amount you may borrow for the 1st academic year is \$6,000. For loans first disbursed on or after 7/1/19 and before 7/1/20, the interest rate is 5.05%. Repayment terms are the same as the Direct Loan (Subsidized) except as noted above for in-college and deferment periods.

6. DIRECT PARENT PLUS LOAN

The Direct PLUS loan is available to parents who wish to apply for additional assistance for their dependent child's education. The PLUS loans are made through the U.S. Department of Education. The amount of the PLUS loan cannot exceed the student's cost of attendance. The interest rate for Parent Plus loans first disbursed on or after 7/1/19 and before 7/1/20 is 7.60%. The loans fees associated with the Parent Plus loan are as follows: a. 5.30% for first disbursements made on/after 10/1/19 and before 10/1/20 b. 5.30% for first disbursements made on/after 10/1/19 and before 10/1/20. The repayment period for a Federal DPLUS Loan begins on the date after the loan is fully disbursed. Your first payment will be due within 60 days after the final loan disbursement. You will pay both the principal and the interest that accumulates. During periods of deferment and forbearance, you do not pay any principal, but interest will accumulate. This means your loan

principal will increase, unless you choose to pay the interest monthly during your deferment or forbearance.

METHODS OF DISBURSING FINANCIAL AID

Colleges Not Using Standard Academic Terms

Financial aid is awarded based on an academic year. The disbursement of aid varies by the type of assistance.

For colleges not using standard academic terms, the Federal Pell Grant will be advanced twice during the academic year, once at the beginning and once at the mid-point of the academic year. You must successfully pass your course to receive academic credit equal to half of the academic year.

The Federal Loan proceeds are credited to the student's tuition and fees account after the student (parent in the case of PLUS loans) have completed and signed a Master Promissory Note. Second disbursements are made after the student has completed 1/2 of their academic workload for the academic year and reached and successfully passed at the calendar midpoint. The student will receive any amount which exceeds the tuition and fees charged by the College. A first-year, first-time borrower's account will not be credited until 30 days after their first day of class.

BORROWER CONFIRMATION FOR SUBSEQUENT LOANS

Regarding Subsidized and Unsubsidized Master Promissory Notes:

If the multi-year feature of the Master Promissory note (MPN) is available for the college, students are able to obtain additional loan funds without having to sign a new MPN for each academic year or period of enrollment. The college will notify the borrower of the loan amounts awarded through the estimated award letter. The borrower only needs to contact the college regarding the loan amounts if he or she wants to decline or make adjustments to the type or amounts of the loan.

Regarding Parent PLUS Master Promissory Notes:

For loans made under the multi-year feature of the MPN the regulations that govern the Loan Programs require a college to document an active confirmation. The confirmation process is to provide a means for a borrower to accept or decline a loan made for a subsequent academic year under the multi-year feature. This assists in providing the borrower with greater control and understanding of loan debt.

The Parent Loan Data Form must be completed, for all for loans awarded, indicating the correct loan amount. This form must be signed by the parent borrower and placed in the student's file.

REFUND FORMULA

Refer to the Refund Policy portion of the Financial Information section within the college catalog.

NOTICE TO STUDENTS: The Financial Aid Office is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, or are dismissed prior to completing 60% of a payment period. The federal Title IV financial aid programs must be recalculated in these situations. Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

(1) determining the percentage of the payment period for which federal financial aid was awarded and completed, percentage of payment period or term completed = the number of days completed up to the withdrawal date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term.) This percentage is also the percentage of earned aid; and

(2) Aid to be returned = (100% of the aid that was disbursed/could be disbursed minus the percentage of earned aid) as of the date you withdrew. Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula: After the 60% point in the payment period, you will have earned 100% of the federal financial aid funds already disbursed to you. This calculation concerning federal financial aid is separate and distinct from the institutional refund policy, and may result in your owing additional funds to the college to cover tuition charges previously paid by federal financial aid prior to your withdrawal.

If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student would be required to return a portion of the funds. Keep in mind that when Title IV funds are returned, the student borrower may owe a debit balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement which must be paid within 45 days of the student's withdrawal.

If you plan to withdraw from the college, please contact your financial aid or business office to determine the amount of funds, if any, which must be returned on your behalf.

All refunds due will be made within 45 days of the college's determining date of the student's withdrawal. The last date of actual attendance is used in calculating any refund amount. Refunds are allocated in the following order:

- 1 Direct Loan Unsubsidized
- 2 Direct Loan Subsidized
- 3 Direct Parent (PLUS) Loan
- 5 Federal Pell Grant
- 6 Federal Supplemental Educational Opportunity Grant (FSEOG)
- 7 The student

OMBUDSMAN NOTIFICATION

Please contact the Financial Aid Officer at your college, who is always ready to assist you with any questions or concerns regarding your Direct Subsidized, Unsubsidized, Parent (PLUS) Loans.

If a situation exists that the Financial Aid Officer cannot resolve, follow the procedures in the college catalog regarding "problem resolution".

After all above options have been exhausted, if you are unable to resolve a Direct Loan or FFEL issue, The Department of Education's Office of the Ombudsman for student loan issues is available. An ombudsman resolves disputes from a neutral, independent viewpoint. The Office of Student Financial Assistance Ombudsman will informally research a borrower problem and suggest solutions to resolve the problem. STATEMENT REGARDING CREDIT BALANCES

For continuing students or parents that have previously signed a Statement Regarding Credit Balances, the initial authorization will continue to be valid for only the academic year period. The Statement Regarding Credit Balances may be rescinded at any time. The provisions of the initial authorization are as follows:

When current tuition, fees and other allowable charges have been paid, students may have a credit balance on their account. If the credit balance is a result of Title IV funding, the credit balance will be issued to the student within 14 days. If the credit balance is not a result of Title IV funding, the credit balance will be issued to the student by the end of the loan period. The following provisions also apply:

- The college should retain any existing credit balance on the account to be applied to allowable future charges not to exceed \$200 to assist in managing those funds or to be disbursed to you at your request.
- The College should retain any existing credit balance (credit by Federal Direct PLUS loan proceeds) on behalf of the student's account to be applied to allowable future charges in the next academic year, not to exceed \$200 to assist in managing those funds or to be disbursed to the student at their request.
- In the event that the funds are not requested prior to leaving college, the college should return the credit balance to the U.S. Department of Education as prepayment on the student loan with the student's written authorization. Otherwise funds will be refunded to the student.

STUDENT/PARENT CERTIFICATION OF UNDERSTANDING

Understand that the College will retain any interest earned on the credit balance while the college is holding these funds.

Understand that the authorization can be rescinded to retain the credit balance at any time during the student's attendance in the program.

Understand that the College may consider this authorization to be in effect throughout the student's award year or period of enrollment unless rescinded by the student/parent.

If you have any questions regarding the items on this notification, please contact the financial aid office at your college.

How to Fill Out this Application

- Use both the Application Instructions and state Instructions to guide you in filling out the application.
- First, read the Application Instructions. These instructions will give you important information that applies to everyone using this application.
- Next, find your state under the State Instructions. Use these instructions to fill out Boxes 6, 7, and 8. Also refer to these instructions for information about voter eligibility and any oath required for Box 9.

When to Register to Vote

- Each state has its own deadline for registering to vote. Check the deadline for your state on the last page of this booklet.

How to Submit Your Application

- Mail your application to the address listed under your state in the State Instructions. Or, deliver the application in person to your local voter registration office.
- The remaining states that accept the national form will accept copies of the application printed from the computer image on regular paper stock, signed by the applicant, and mailed in an envelope with the correct postage.

First Time Voters Who Register by Mail

- If you are registering to vote for the first time in your jurisdiction and are mailing this registration application, you may be required to provide proof of identification the first time you vote.
- Depending on the specific requirements of your state, you may avoid providing identification at the polls when you vote for the first time by mailing a copy of an identification document together with this application. The list of acceptable documents is included in the State Instructions.

Do not include original documents with this application.

Please read the accompanying state Instructions to determine the voter identification requirements for your state.

Application Instructions

Before filling out the body of the form, please answer the questions on the top of the form as to whether you are a United States citizen and whether you will be 18 years old on or before Election Day. If you answer no to either of these questions, you may not use this form to register to vote. However, state specific instructions may provide additional information on eligibility to register to vote prior to age 18.

Box 1 — Name

- Put in this box your full name in this order — Last, First, Middle. Do not use nicknames or initials.
- *Note:* If this application is for a change of name, please tell us in **Box A** (*on the bottom half of the form*) your full name before you changed it.

Box 2 — Home Address

- Put in this box your home address (legal address). Do **not** put your mailing address here if it is different from your home address. Do **not** use a post office box or rural route without a box number. Refer to state-specific instructions for rules regarding use of route numbers.
- *Note:* If you were registered before *but* this is the first time you are registering from the address in Box 2, please tell us in **Box B** (*on the bottom half of the form*) the address where you were registered before. Please give us as much of the address as you can remember.
- *Also Note:* If you live in a rural area but do not have a street address, *or* if you have no address, please show where you live using the map in **Box C** (*at the bottom of the form*).

Box 4 — Date of Birth

- Put in this box your date of birth in this order — Month, Day, Year. *Be careful not to use today's date!*

Box 5 — Telephone Number

- Most states ask for your telephone number in case there are questions about your application. However, you do **not** have to fill in this box.

- Federal law requires that states collect from each registrant an identification number. You must refer to your state's specific instructions for item 6 regarding information on what number is acceptable for your state. If you have neither a driver's license nor a social security number, please indicate this on the form and a number will be assigned to you by your state.

Box 7 — Choice of Party

- In some states, you must register with a party if you want to take part in that party's primary election, caucus, or convention. To find out if your state requires this, see item 7 in the instructions under your state.
- If you want to register with a party, print in the box the full name of the party of your choice.
- If you do **not** want to register with a party, write "no party" or leave the box blank. Do **not** write in the word "independent" if you mean "no party," because this might be confused with the name of a political party in your state.
- *Note:* If you do not register with a party, you can still vote in general elections and nonpartisan (nonparty) primary elections.

Box 8 — Race or Ethnic Group

- A few states ask for your race or ethnic group, in order to administer the Federal Voting Rights Act. To find out if your state asks for this information, see item 8 in the instructions under your State. If so, put in Box 8 the choice that best describes you from the list below:

(Pursuant to the Help America Vote Act of 2002)

Pennsylvania law requires that registered voters who appear to vote for the first time in an election district after December 9, 2003 must present a form of identification.

If this is the first election in which you are voting in your election district, and you intend to vote by absentee ballot in an election after January 1, 2004, you may include a form of identification with this voter registration application form rather than include it with your application for an absentee ballot.

A list of the acceptable forms of identification may be obtained from your county voter registration office or from the Pennsylvania Department of State at its website, www.dos.state.pa.us. If you do not provide proof of identification, you may cast a provisional ballot.
